Subject: Coronavirus (COVID-19) Updates and Event Cancellations

While there still remain no confirmed cases of COVID-19 in our area, as a precaution, we are cancelling events on the campus for the next 30 days. We will evaluate further as more information is available. These precautionary measures help prevent the spread of viruses and other infections and protect our vulnerable population who need to seek care. See Image below for initial list of cancelled events and watch for future updates.

As a reminder. Veterans enrolled for VA care who have symptoms of COVID-19, flu or colds (fever, cough, and shortness of breath) are asked to contact their local facility before visiting for appropriate healthcare options, including virtual care. Visitors are asked not to come if they do not feel well. There are further restrictions for the Community Living Center. Read VA’s latest information on the new coronavirus at https://www.publichealth.va.gov/n-coronavirus/
